

PHILIPPE CANTIN

VICE PRESIDENT, PUBLIC AFFAIRS AND GOVERNMENT RELATIONS

*As Vice President, Public Affairs and Government Relations for Eco Entreprises Québec, Philippe Cantin leads files such as stakeholder engagement, corporate partnerships, as well as the communications team. He holds a master's degree in environmental science and has been dedicating most of his time in the past decade to **Extended Producer Responsibility** projects for paper, packaging, electronics, appliances, and other consumer products.*

Over the course of his career, Philippe has worked both in the waste management and retail sectors where he has, among other things, supported the development and optimization of recycling organizations, policies and logistics across Canada either as a consultant or as part of a management team. Invited to serve on boards and advisory committees, he has covered a broad range of environmental stewardship issues.

Atypical projects, consensus building, and change management are some of his key motivators alongside his love for his family, good food, languages, and travel.
